

Annex B

Letter to pupils explaining the findings of the inspection.

01 June 2009

Dear Students

Inspection of Dunraven School, London, SW16 2QB

Thank you for the warm welcome you gave the inspection team when it visited your school recently. You will be pleased to know that Dunraven is a good school. It has many outstanding features.

These are the main findings of our inspection.

- All groups of students are learning well and making good progress.
- The sixth form is outstanding and major strengths include excellent relationships and very effective support systems which enable all students to make good progress.
- We agree with the principal and senior team that teaching and learning are good, with an increasing proportion of lessons that are outstanding.
- The principal and his senior team, the governing body and teaching and support staff know the school very well and are on the way to making Dunraven an outstanding school which achieves 'excellence for all'.
- The school provides you with an excellent curriculum which is broad and balanced but also has the flexibility to give you a wide choice of academic and vocational subjects in the main school courses and extra-curricular activities that meet your individual needs.
- The level of care, support and support shown to you is outstanding and allows you to flourish.

The inspection team and the principal agree that academic standards are above average but not yet outstanding. We have asked your teachers, with your help, to set up more opportunities for you to develop learning skills so that you can find solutions to tasks on your own. You can help by continuing to work hard. Thank you again for your courtesy and welcome during our visit and we wish you the very best of luck in the future.

Yours faithfully

Brian Evans
Lead Inspector
